DETAILED ACTION

1. This Office Action is responsive to the Amendment filed by the applicant on 07/19/2005, in response to the office action of April 25, 2005.
2. Applicant's Amendment to claims 1 and 2, dated 07/19/2005, hereby acknowledged.

Response to Applicant's Remarks

3. Applicant's amendment of claim 2, has overcome the rejection under 35 USC 122, 2nd paragraph. However, the examiner regrets applicant's remark "the claims could have been written in a form preferable to the examiner". The examiner considers not the claim format as a personal preference but rather as a matter of abiding to the rules laid out in the MPEP. Here the examiner specifically would like to draw applicant's attention to the following:

"CLAIM OR CLAIMS: See 37 CFR 1.75 and MPEP § 608.01(m). The claim or claims must commence on a separate sheet or electronic page (37 CFR 1.52(b)(3)). Where a claim sets forth a plurality of elements or steps, each element or step of the claim should be separated by a line indentation. There may be plural indentations to further segregate subcombinations or related steps. See 37 CFR 1.75 and MPEP 608.01(i)-(p)."

The amendment to claim 2, although overcomes the rejection cited in the Office Action of 4/25/2005, however, fails to satisfy the requirements where a claim sets forth a plurality of elements or steps, each element or step of the claim should be separated by a line indentation and

Art Unit: 2637

further segregate subcombinations or related steps. Accordingly, **THIS ACTION IS MADE FINAL.**

Claim Objections

4. Claims 1, 3, 5, 7, 9, 11 are objected to because of the following informalities:

In claim 1, line 8, after I or Q,” delete “,” and replace it with a --;--. Similarly with each succeeding steps “,” needs to be replace with --;--. Appropriate correction is required.

Claim Rejections - 35 USC § 112

5. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

6. Claims 2, 4, 6, 8, 10, 12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 2, 4, 6, 8, 10,12 provides for the use of a transmitter, but, since the claim does not set forth any steps involved in the method/process, it is unclear what method/process applicant is intending to encompass. A claim is indefinite where it merely recites a use without any active, positive steps delimiting how this use is actually practiced.

Allowable Subject Matter

7. Claims 1, 3, 5, 7, 9, 11 and 2, 4, 6, 8, 10, 12 would be allowable if rewritten or amended to overcome the rejection(s), set forth in this Office action.

Conclusion

8. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
